

MOODS of INDIA...A JOURNEY

Presented by Marti Belcher Studio, LLC

Dates: 25 October – 9 November 2010

8 Participants (max) – 16 nights & 15 days

India is a feast for the senses, a journey of discovery and wonder. The spices, the aromas, the flavors, the exotic and romantic nature of the food led me to the country itself and to a love that no other place in the world can quite satisfy.

We will travel to Rajasthan, the heart of the imagery that is India. The journey has been designed to satisfy photographers and adventurers alike. Each city has been chosen because of its historic significance and its beauty. We will visit city markets and venture off the beaten path to villages where warm and gracious Rajasthanis live.

'Moods of India' is a unique opportunity that allows the intrepid traveller access to exotic and intoxicating experiences. For further information go to www.martibelcher.com/journeys or please feel free to call the office at 703-938-4515.
